

DIY Masting Range

Hills Antenna
FB60208
685mm Wall Bracket

Hills Antenna
FB902048
1.2m x 16mm
Stay Bars

Hills Antenna
FB902110
38mm Stay Bar Collar

Hills Antenna
FB602594
237mm Eave Bracket

The Hills Antenna range of DIY masting gives you the flexibility to create a custom mounting solution. A range of options are available and can be used on eave, fascia, tile and tin roofs.

Include in the product range are stay bars that help support and brace the masts when they are particularly tall and subject to movement in the wind.

The masts are available in silver with a hot dip galvanised steel finish for superior corrosion protection.

The stay bar collars are available in the same silver with a hot dip galvanised finished.

Specifications

Models Available		Length (m)	Diameter (mm)	Thickness (mm)	Plane	Colour	Finish
