

## Eave / Wall Bracket

### Models:

**14DWB09GAL** 228mm (9")

**FB602594** 275mm (11")

**14DWB18GAL** 457mm (18")

**FB602608** 685mm (27")

**FB602616** 1000mm (40")

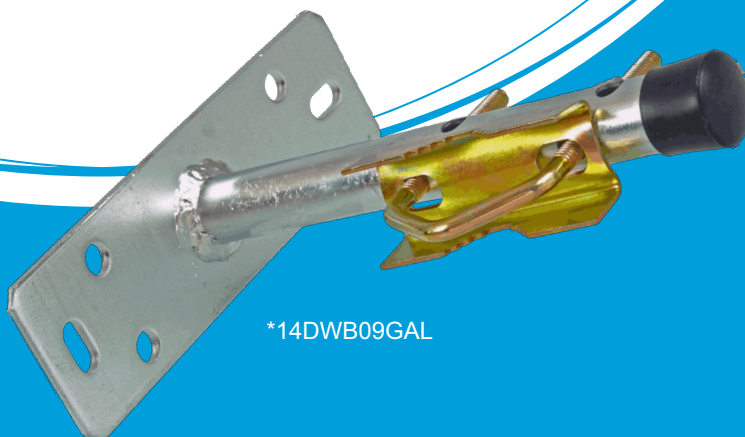

**FB603554** 1400mm (55")

### Product Description:

The Hills Antenna Wall Bracket is the ideal bracket for domestic applications where roof mounting is not feasible.

With just the addition of a U-Bolt, this mast can easily be utilised by all installers.

The Eave Bracket is used in conjunction with a wall mount to provide extra stability when installing mounts or masts that are greater than 1.8m. It is suitable for installation on a timber fascia, but can also be installed on masonry walls with fasteners or on a metal fascia using a sheet metal adaptor bracket (FB602842).
