Single section wall mount cabinet
**Model Number: 24B4RW63**

Description

The Datatek single section wall mount cabinet does the job for offices and retail environments that require a secure, heavy-duty wall-mounted storage option for standard 19" rack-mount servers and networking equipment.

Removable side panels and the reversible, reinforced tempered glass front door offer access for easy servicing. The security locks safeguard your network equipment.

The sturdy welded frame is made of heavy-duty Cold Rolled Steel with a durable, professional Black Powder Coated finish. It's the network cabinet with the right design and construction to bring security and reliability to data center and office builds that require wall-mounting.
