

Comparison of StorageTek Cases Against Competitors' Products

1. StorageTek cases feature dual front-facing fibreglass/nylon/ABS clasps for superior secure locking.

2. Unlike our competitors, StorageTek cases are individually lockable with a padlock of your own choosing.

3. A removable clear label holder that allows you to easily change the labels of each case.

4. Ergonomic handle design for better gripping.

5. Branding on the StorageTek cases is stamped into the ABS plastic lid for longevity, unlike our competitors which will wear off with use.

6. StorageTek cases are cross-compatible with other brands. This can cut down setup costs and facilitate replacing old or broken cases.

7. StorageTek cases feature modern styling with rounded and sloped corners. This ergonomic design is more than just form, it adds to durability and ease of use.
8. StorageTek cases feature a similar removable tray in the large cases, but unlike our competitor, all dividers are removable.
9. The large StorageTek cases also come with removable dividers as standard - no extra purchase required.
